

Upcoming CME Courses

36th Annual Advances in Heart Disease
Friday, December 6 – Sunday, December 9, 2019
JW Marriott, San Francisco, California

The Medical Management of HIV/AIDS and Hepatitis
Thursday, December 12 – Saturday, December 14, 2019
Park Central Hotel, San Francisco, California

Pacific Rim Otolaryngology – Head and Neck Surgery Update
Saturday, February 15 – Tuesday, February 18, 2020
Moana Surfrider, Honolulu, Hawaii

Diabetes Update and Advances in Endocrinology and Metabolism
Thursday, March 12 – Friday, March 14, 2020
Marine's Memorial Club and Hotel, San Francisco, California

Primary Care Medicine: Update 2020
Monday, April 5 – Saturday, April 10, 2020
Wailea Beach Resort by Marriott, Wailea, Maui, Hawaii

International Symposium on Incisional Hernia Prevention
Friday, May 28 – Saturday, May 29, 2020
InterContinental San Francisco, San Francisco, California

53rd Annual Advances and Controversies in Clinical Pediatrics
Thursday, May 28 – Saturday, May 30, 2020
Park Central Hotel, San Francisco, California

Neurosurgery Update 2020
Thursday, July 30 – Saturday, August 1, 2020
Silverado Resort and Spa – Napa, California

24th Annual Management of the Hospitalized Patient
Thursday, October 15 – Saturday, November 17, 2020
Hyatt Regency San Francisco, San Francisco, California

All Courses Managed by:
UCSF Office of Continuing Medical Education
3333 California Street, Room 450, San Francisco, CA 94118

Presented by the Division of Hospital Medicine • Department of Medicine • University of California, San Francisco

23rd Annual Management of the Hospitalized Patient

October 17 - 19, 2019
Hyatt Regency San Francisco
San Francisco, California

Course Chair
Robert M. Wachter, MD
Professor and Chair, Department of Medicine
University of California, San Francisco

Exhibitors

Society of Hospital Medicine (SHM)

Allergan Pharmaceuticals

Baylor, Scott, & White

Boehringer Ingelheim

Janssen

Merck

Otsuka Pharmaceuticals

Portola

Sound Inpatient Physicians

Sutter Health

Wolters Kluwer

23rd Annual Management of the Hospitalized Patient

We are thrilled that you're joining us for the Management of the Hospitalized Patient CME course October 17-19, 2019 here at the Hyatt Regency San Francisco.

Part of what makes this course so special is that you can access the syllabus material prior to the meeting, online at the following link:

Online, you'll find all the presentations for the general session and workshops that we've received to date. Through the years, many participants have told us that they prefer online materials instead of lugging around a huge paper syllabus. The website will be up before and after the conference and we'll add more and updated presentations as they become available. Once again, we will not be distributing a paper syllabus. If you would like a printed version of some of the session materials, we have encouraged you to print them ahead of the course and bring them with you; alternatively, we will have a few dedicated printers available on site for printing selected presentations.

Overview

This course, chaired by Dr. Robert Wachter, covers the clinical issues most relevant to hospitalists and other clinicians who care for inpatients. Taught by UCSF's top teachers and a stellar group of guest faculty, the course highlights recent advances and current controversies. To promote active learning, the course uses a mobile audience response system and features multiple workshops in a variety of disciplines to allow for small group discussions. The course includes broad content in critical care, perioperative care, patient safety, hospital neurology, cardiology, GI, hematology, oncology, nephrology, and infectious diseases.

Back by popular demand, this year's conference is preceded by the three-day Hospitalist Mini-College October 14-16, 2019.

This course is presented by the UCSF Division of Hospital Medicine and is sponsored by the Office of Continuing Medical Education, University of California, San Francisco School of Medicine. It also serves as the West Coast regional meeting of the Society of Hospital Medicine.

Educational Objectives

An attendee completing the Management of the Hospitalized Patient course should be able to:

- Improve diagnosis of common inpatient clinical presentations;
- Perform an evidence-based work-up for common inpatient clinical presentations;
- Apply modern therapeutic approaches to common inpatient disorders;
- More effectively respond to patients' questions in hospital medicine using the latest clinical literature.

ACCREDITATION

The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

UCSF designates this educational activity for a maximum of **18.75** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

Geriatric Medicine:

The approved credits shown above include 4.50 Geriatric Credits toward meeting the requirement under California Assembly Bill 1820, Geriatric Medicine.

Pain Medicine:

The approved credits shown above include 2.75 Pain Credits towards meeting the requirement under California Assembly Bill 487, Pain Management and Care for the Terminally Ill.

ABIM Maintenance of Certification Points:

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 18.75 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Family Physicians:

This Live activity, 23rd Annual Management of the Hospitalized Patient, with a beginning date of 10/17/2019, has been reviewed and is acceptable for up to 18.50 Prescribed credits by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses:

For the purpose of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credit™ issued by organizations accredited by the ACCME.

Pharmacotherapeutics CEUs for Nurses:

This activity is designated for a maximum of 7.75 pharmacotherapeutic credits towards meeting the requirement for nursing pharmacology continuing education. Nurses should claim 0.1 CEUs for each contact hour of participation in designated pharmacotherapeutic continuing education.

Pharmacists:

The California Board of Pharmacy accepts as continuing professional education those courses that meet the standard of relevance to pharmacy practice and have been approved for AMA PRA Category 1 Credit™.

Physician Assistants

AAPA accepts category 1 credit from AOACCME, Prescribed credit from AAFP, and AMA PRA Category 1 credit™ for organizations accredited by the ACCME.

GENERAL INFORMATION

Attendance Verification/ Sign-In Sheet

Please remember to sign-in on the sign-in sheet when you check in on your first day at the UCSF Registration Desk, located in the Market Street Foyer on the Street Level. *You only need to sign-in once for the course, when you first check in.*

Evaluation / CME Certificates

EVALUATING THE OVERALL COURSE

We'd really appreciate your feedback!

1. Login to the Evaluation Site

ON THE MHP2019 MOBILE APP

1. Tap the Evaluations tile on the home screen.
2. If you're not logged in automatically, click the **Log In** button.

IN A WEB BROWSER (TABLET, COMPUTER OR LAPTOP)

1. Visit the MHP Evaluation Site: <https://www.eventscribe.com/Magnet2/login.asp?EventKey=JQBJKOMX>
2. Login with the email address and access key you used to login to the Mobile App.
3. If you don't have an access key, click the **Create Account** button to register for the site.

2. Complete the General Evaluation

1. Click the **Complete the Overall Course Evaluation** task link.
2. Click the **Submit to Return to Tasks** button when you've completed your responses.

SCAN TO ACCESS THE EVALUATION SITE

CLAIMING CME AND MOC CREDIT

Note you must complete the overall evaluation task before you can claim CME credit.

1. Login to the Evaluation Site

ON THE MHP2019 MOBILE APP

1. Tap the Evaluations tile on the home screen.
2. If you're not logged in automatically, click the **Log In** button.

ON YOUR TABLET, COMPUTER OR LAPTOP

1. Visit the MHP Evaluation Site: <https://www.eventscribe.com/Magnet2/login.asp?EventKey=JQBJKOMX>
2. Login with the email address and access key you used to login to the Mobile App.
3. If you don't have an access key, click the **Create Account** button to register for the site.

2. Enter your Attendance Hours

3. Click the **Claim CME Credits** task link.

Click the **Submit to Return to Tasks** button when you've completed your responses

Continental Breakfast and Coffee Breaks

Breakfasts and coffee breaks provided for the registered attendees will be served in the Grand Ballroom Foyer on the Street Level along with the exhibits and have been ordered according to registration numbers. Your name badge will be required to access the exhibitor and meal service area. Guests and travel companions are not permitted.

Lunch

Lunch is on your own on Thursday 10/17. A list of are restaurants is provided in the MHP2019 app along with a map.

On Friday 10/18, a boxed lunch will be provided. If you have any dietary restrictions that you did not list when you registered, please be sure to let us know as soon as possible so we may prepare accordingly. We will have vegetarian as well as a limited number of vegan and vegan/gluten-free options available. You will have 30 minutes (12:10PM- 12:40PM) to collect your boxed lunch before the start of the small group workshop sessions.

Wine Tasting Reception

On Thursday 10/17, we will host the course reception on the east end of the Atrium Lobby located on the Lobby Level. We will have six Sonoma and Napa area wineries will be providing tastings of their varietals for your enjoyment. We will also have a large selection of appetizers for your enjoyment. Please make sure to wear your course name badge.

General Session

The general session will take place in the Grand Ballroom. We will provide a warning bell during breakfasts and coffee breaks to allow you ample time to re-enter the room before the course reconvenes.

Federal and State Law

Regarding Linguistic Access and Services for Limited English Proficient Persons

I. Purpose.

This document is intended to satisfy the requirements set forth in California Business and Professions code 2190.1. California law requires physicians to obtain training in cultural and linguistic competency as part of their continuing medical education programs. This document and the attachments are intended to provide physicians with an overview of federal and state laws regarding linguistic access and services for limited English proficient (“LEP”) persons. Other federal and state laws not reviewed below also may govern the manner in which physicians and healthcare providers render services for disabled, hearing impaired or other protected categories

II. Federal Law – Federal Civil Rights Act of 1964, Executive Order 13166, August 11, 2000, and Department of Health and Human Services (“HHS”) Regulations and LEP Guidance.

The Federal Civil Rights Act of 1964, as amended, and HHS regulations require recipients of federal financial assistance (“Recipients”) to take reasonable steps to ensure that LEP persons have meaningful access to federally funded programs and services. Failure to provide LEP individuals with access to federally funded programs and services may constitute national origin discrimination, which may be remedied by federal agency enforcement action. Recipients may include physicians, hospitals, universities and academic medical centers who receive grants, training, equipment, surplus property and other assistance from the federal government.

HHS recently issued revised guidance documents for Recipients to ensure that they understand their obligations to provide language assistance services to LEP persons. A copy of HHS’s summary document entitled “Guidance for Federal Financial Assistance Recipients Regarding Title VI and the Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons – Summary” is available at HHS’s website at: <http://www.hhs.gov/ocr/lep/>.

As noted above, Recipients generally must provide meaningful access to their programs and services for LEP persons. The rule, however, is a flexible one and HHS recognizes that “reasonable steps” may differ depending on the Recipient’s size and scope of services. HHS advised that Recipients, in designing an LEP program, should conduct an individualized assessment balancing four factors, including: (i) the number or proportion of LEP persons eligible to be served or likely to be encountered by the Recipient; (ii) the frequency with which LEP individuals come into contact with the Recipient’s program; (iii) the nature and importance of the program, activity or service provided by the Recipient to its beneficiaries; and (iv) the resources available to the Recipient and the costs of interpreting and translation services.

Based on the Recipient’s analysis, the Recipient should then design an LEP plan based on five recommended steps, including: (i) identifying LEP individuals who may need assistance; (ii) identifying language assistance measures; (iii) training staff; (iv) providing notice to LEP persons; and (v) monitoring and updating the LEP plan.

A Recipient’s LEP plan likely will include translating vital documents and providing either on-site interpreters or telephone interpreter services, or using shared interpreting services with other Recipients. Recipients may take other reasonable steps depending on the emergent or non-emergent needs of the LEP individual, such as hiring bilingual staff who are competent in the skills required for medical translation, hiring staff interpreters, or contracting with outside public or private agencies that provide interpreter services. HHS’s guidance provides detailed examples of the mix of services that a Recipient should consider and implement.

HHS’s guidance also establishes a “safe harbor” that Recipients may elect to follow when determining whether vital documents must be translated into other languages. Compliance with the safe harbor will be strong evidence that the Recipient has satisfied its written translation obligations.

In addition to reviewing HHS guidance documents, Recipients may contact HHS’s Office for Civil Rights for technical assistance in establishing a reasonable LEP plan.

III. California Law – Dymally-Alatorre Bilingual Services Act.

The California legislature enacted the California's Dymally-Alatorre Bilingual Services Act (Govt. Code 7290 *et seq.*) in order to ensure that California residents would appropriately receive services from public agencies regardless of the person's English language skills. California Government Code section 7291 recites this legislative intent as follows:

“The Legislature hereby finds and declares that the effective maintenance and development of a free and democratic society depends on the right and ability of its citizens and residents to communicate with their government and the right and ability of the government to communicate with them.

The Legislature further finds and declares that substantial numbers of persons who live, work and pay taxes in this state are unable, either because they do not speak or write English at all, or because their primary language is other than English, effectively to communicate with their government. The Legislature further finds and declares that state and local agency employees frequently are unable to communicate with persons requiring their services because of this language barrier. As a consequence, substantial numbers of persons presently are being denied rights and benefits to which they would otherwise be entitled.

It is the intention of the Legislature in enacting this chapter to provide for effective communication between all levels of government in this state and the people of this state who are precluded from utilizing public services because of language barriers.”

The Act generally requires state and local public agencies to provide interpreter and written document translation services in a manner that will ensure that LEP individuals have access to important government services. Agencies may employ bilingual staff, and translate documents into additional languages representing the clientele served by the agency. Public agencies also must conduct a needs assessment survey every two years documenting the items listed in Government Code section 7299.4, and develop an implementation plan every year that documents compliance with the Act. You may access a copy of this law at the following url: <http://www.spb.ca.gov/bilingual/dymallyact.htm>

FACULTY LIST

Course Chair

Robert M. Wachter, MD

Professor and Chair, Department of Medicine
University of California, San Francisco

Guest Faculty

Matthew Rivara, MD

Assistant Professor of Medicine, Division of Nephrology, Harborview Medical Center, University of Washington, Seattle, WA

Ronald Witteles, MD

Associate Professor of Medicine, Division of Cardiovascular Medicine, Program Director, Internal Medicine Residency, Stanford University, Palo Alto, CA

Course Faculty (University of California, San Francisco, School of Medicine)

Nima Afshar, MD

Associate Professor of Medicine, San Francisco VA Health Care System

Jennifer Babik, MD, PhD

Associate Professor of Medicine, Division of Infectious Diseases; Associate Program Director, Internal Medicine Residency

Danielle Brandman, MD, MAS

Assistant Professor of Medicine, Division of Gastroenterology

H. Quinny Cheng, MD

Professor of Medicine; Medical Director, Medicine Consultation Service and Neurosurgery Co-Management Service

Gurpreet Dhaliwal, MD

Professor of Medicine, Medicine Clerkship Site Director, San Francisco VA Health Care System

Vanja Douglas, MD

Associate Professor of Neurology; Sara & Evan Williams Foundation Endowed Neurohospitalist Chair

Brett M. Elicker, MD

Professor of Radiology & Biomedical Imaging; Chief, Cardiac & Pulmonary Imaging

Sarah Goglin, MD

Assistant Professor of Medicine, Department of Rheumatology

Gerald Hsu, MD, PhD

Associate Professor of Medicine, San Francisco VA Health Care System

Trevor Jensen, MD, MS

Assistant Professor of Medicine, Division of Hospital Medicine

S. Andrew Josephson, MD

Carmen Castro Franceschi and Gladys K. Mitchell Neurohospitalist Distinguished Professor and Chair, Department of Neurology

Raman Khanna, MD

Associate Professor of Medicine, Medical Director of Inpatient Informatics

Course Faculty (University of California, San Francisco, School of Medicine)

Gregory M. Marcus, MD

Professor of Medicine, Division of Cardiology

Marlene Martin, MD

Assistant Professor of Medicine; Hospitalist, Zuckerberg San Francisco General

Tracy Minichiello, MD

Professor of Medicine; Chief, Anticoagulation and Thrombosis Service,
San Francisco VA Health Care System

Bradley Monash, MD

Associate Professor of Medicine and of Pediatrics; Chief of Medicine Service

Elizabeth J. Murphy, MD, DPhil

Professor of Medicine; Chief, Division of Endocrinology and Metabolism
Zuckerberg San Francisco General

Sara Murray, MD

Assistant Professor of Medicine, Division of Hospital Medicine; Medical Director of Clinical Informatics
UCSF Health

Nader Najafi, MD

Associate Professor of Medicine; Director, Division of Hospital Medicine's Data Core

Steven Z. Pantilat, MD

Professor of Medicine; Alan M. Kates and John M. Burnard Endowed Chair in Palliative Care
Director, Palliative Care Leadership Center; Chief, Division of Palliative Medicine

Lekshmi Santhosh, MD

Assistant Professor, Pulmonary and Critical Care Medicine

Bradley A. Sharpe, MD

Professor of Medicine; Chief, Division of Hospital Medicine

Diane Sliwka, MD

Professor of Medicine, Division of Hospital Medicine; Executive Medical Director for Patient Experience
Chief Physician Experience Officer, UCSF Health

Krishan Soni, MD, MBA, FACC

Assistant Professor, Division of Cardiology

DISCLOSURES

The following faculty speakers, moderators, and planning committee members have disclosed they have no financial interest/arrangement or affiliation with any commercial companies who have provided products or services relating to their presentation(s) or commercial support for this continuing medical education activity:

Jennifer Babik, MD, PhD
 H. Quinny Cheng, MD
 Stephanie Conner, MD
 Gurpreet Dhaliwal, MD
 Vanja Douglas, MD
 Brett M. Elicker, MD
 Sarah Goglin, MD
 Gerald Hsu, MD
 S. Andrew Josephson, MD
 Raman Khanna, MD
 Marlene Martin, MD

Tracy Minichiello, MD
 Bradley Monash, MD
 Elizabeth J. Murphy, MD, Dphil
 Sara Murray, MD
 Nader Najafi, MD
 Steven Z. Pantilat, MD
 Matthew Rivara, MD
 Lekshmi Santhosh, MD
 Bradley A. Sharpe, MD
 Diane Sliwka, MD
 Krishan Soni, MD

The following faculty speakers have disclosed a financial interest/arrangement or affiliation with a commercial company who has provided products or services relating to their presentation(s) or commercial support for this continuing medical education activity. All conflicts of interest have been resolved in accordance with the ACCME Standards for Commercial Support:

Danielle Brandman, MD, MAS	Grifols	Grant/Research Support
Trevor Jensen, MD, MS	Bay Labs	Consultant
Gregory Marcus, MD	Medtronic Eight Sleep InCarda Jawbone Baylis	Grant/Research Support Grant/Research Support Consultant Stock Shareholder (excluding mutual funds) Grant/Research Support Grant/Research Support
Robert M. Wachter, MD	AvaCare GE	Honorarium Recipient Honorarium Recipient

This UCSF CME educational activity was planned and developed to uphold academic standards to ensure balance, independence, objectivity, and scientific rigor; adhere to requirements to protect health information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA); and, include a mechanism to inform learners when unapproved or unlabeled uses of therapeutic products or agents are discussed or referenced.

This activity has been reviewed and approved by members of the UCSF CME Governing Board in accordance with UCSF CME accreditation policies. Office of CME staff, planners, reviewers, and all others in control of content have disclosed no relevant financial relationships.

COURSE PROGRAM

Thursday, October 17, 2019

7:00 AM		<i>Registration and Continental Breakfast</i>	
8:00		Welcome and Overview	Robert M. Wachter, MD
8:10	Rx	Updates in the Diagnosis and Management of DVT and PE	Tracy Minichiello, MD
9:00	G Rx	Update in Diagnosis and Management of Stroke	S. Andrew Josephson, MD
9:50		<i>Break</i>	
10:15	G Rx	Managing Anticoagulation in the Hospitalized Patients	Tracy Minichiello, MD
11:10	G	Better (and Worse) Things to Say to Patients and Families in Palliative Care	Steven Z. Pantilat, MD
12:00 PM		<i>Lunch (on own)</i>	
1:30	Small Group Workshops: Session I		
		1. The Neurological Exam	S. Andrew Josephson, MD
		2. Tough Cases in the Hospitalized Patient with Liver Disease	Danielle Brandman, MD, MAS
		3. Thromboembolism Q&A: Cases and Controversies	Tracy Minichiello, MD
	P	4. Oncologic Emergencies (including Side Effects of New Cancer Treatments)	Gerald Hsu, MD, PhD
		5. Tough Cases in Inpatient Pulmonary Medicine	Lekshmi Santhosh, MD
		6. Curbside Consults in Infectious Disease	Jennifer Babik, MD, PhD
		7. Beyond Fight or Flight: Mitigating Interpersonal Conflict Through Skilled Communication	Diane Sliwka, MD
		8. Meet the Professor	Robert M. Wachter, MD
2:50		<i>Break</i>	
3:15	Rx	Diagnosis and Management of Shock	Lekshmi Santhosh, MD
4:10		Management of the Hospitalized Patient with Cirrhosis	Danielle Brandman, MD, MAS
5:00 PM		<i>Adjourn</i>	

P = Pain Credit

G = Geriatric Credit

Rx = Meets Requirements for Pharmacotherapeutics CEUs for NPs/Nurses

Friday, October 18, 2019

7:30 AM		<i>Continental Breakfast</i>	
8:00		Clinical Problem Solving Exercise	Gurpreet Dhaliwal, MD
9:00	Rx	What's New in Hospital Antibiotics	Jennifer Babik, MD, PhD
9:55		<i>Break</i>	
10:20		Current Controversies in Medical Consultation	H. Quinny Cheng, MD
11:15	G Rx	Diabetes and Other Tough Problems in Hospital Endocrinology	Elizabeth J. Murphy, MD, DPhil
12:10 PM		<i>Collect Boxed Lunch and Head to Workshops</i>	

12:40		Small Group Workshops: Session II	
		9. The Neurological Exam (repeat #2)	Vanja Douglas, MD
		10. Radiology Refresher: Chest Imaging	Brett M. Elicker, MD
		11. Thromboembolism Q&A: Cases and Controversies (repeat #2)	Tracy Minichiello, MD
		12. Fundamentals of Preoperative Evaluation	H. Quinny Cheng, MD
		13. Common Problems in Inpatient Rheumatology	Sarah Goglin, MD
		14. Bedside Ultrasound for Diagnosis	Nima Afshar, MD Trevor Jensen, MD, MS
		15. Electrolyte Abnormalities in the Hospital: Diagnosis and Management	Matthew Rivara, MD
		16. The Art of Diagnostic Reasoning: An Interactive Case	Gurpreet Dhaliwal, MD
2:00		<i>Session Break- Transition to Next Workshop</i>	

2:10		Small Group Workshops: Session III	
		17. The Neurological Exam (repeat #3)	Vanja Douglas, MD
		18. Radiology Refresher: Chest Imaging (repeat #2)	Brett M. Elicker, MD
		19. Thromboembolism Q&A: Cases and Controversies (repeat #3)	Tracy Minichiello, MD
		20. Tough Cases in Medical Consultation	H. Quinny Cheng, MD
		21. Making the Most Out of Your Epic EHR: Tips for Hospitalists and their Systems	Raman Khanna, MD Nader Najafi, MD
		22. Bedside Ultrasound for Diagnosis (repeat #2)	Nima Afshar, MD Trevor Jensen, MD, MS
		23. Electrolyte Abnormalities in the Hospital: Diagnosis and Management	Matthew Rivara, MD
	P Rx	24. Managing the Hospitalized Patient with Opiate Use Disorder	Marlene Martin, MD
3:30		<i>Break</i>	
3:50		Workup and Management of Acute Kidney Injury	Matthew Rivara, MD
4:40		Artificial Intelligence in Healthcare: Separating the Reality from the Hype	Robert M. Wachter, MD
5:30 PM		<i>Adjourn</i>	

P = Pain Credit
 G = Geriatric Credit
 Rx = Meets Requirements for Pharmacotherapeutics CEUs for NPs/Nurses

Saturday, October 19, 2019

7:30 AM		<i>Continental Breakfast</i>	
8:00		Neurological Emergencies	S. Andrew Josephson, MD
8:50	G Rx	Cardiology Pearls for the Hospitalist	Krishan Soni, MD
9:45	Rx	Update on Management of Atrial Fibrillation in the Hospitalized Patient	Gregory C. Marcus, MD
10:30		<i>Break</i>	
10:50		Lung Infections in the Hospitalized Patient	Jennifer Babik, MD, PhD
11:35		The Year in Review in Hospital Medicine	Bradley A. Sharpe, MD Bradley Monash, MD
12:20 PM		<i>Adjourn</i>	

P = Pain Credit

G = Geriatric Credit

Rx = Meets Requirements for Pharmacotherapeutics CEUs for NPs/Nurses

Small Group Workshops

The small group workshops will be hosted in portions of the Grand Ballroom located on the Street Level and the Seacliff and Bayview rooms located on escalator up on the Bay Level. The workshops for which you registered for will be posted on a list next to the UCSF Registration Desk in the Market Street Foyer/Street Level. Some of the most popular workshops are offered more than once so if the room is full, please find another workshop.

Fire code regulations will not permit overcapacity in any of the breakout rooms so please do not block doorways or egresses.

Here is a list of workshop room locations that are also listed in the MHP2019 app.

Thursday 10/17/19

1:30PM – 2:50PM

#	Small Group Workshop: Session I	Presenter(s)	Location
1	The Neurological Exam	S. Andrew Josephson, MD	Grand Ballroom BC
2	Tough Cases in the Hospitalized Patient with Liver Disease	Danielle Brandman, MD, MAS	Grand Ballroom A
3	Thromboembolism Q&A: Cases and Controversies	Tracy Minichiello, MD	Seacliff A
4	Oncologic Emergencies	Gerald Hsu, MD, PhD	Seacliff B
5	Tough Cases in Inpatient Pulmonary Medicine	Lekshmi Santhosh, MD	Bayview B
6	Curbside Consults in Infectious Disease	Jennifer Babik, MD, PhD	Bayview A
7	Beyond Fight or Flight	Diane Sliwka, MD	Seacliff C
8	Meet the Professor	Robert M. Wachter, MD	Seacliff D

Friday 10/18/19

12:40PM – 2:00PM

#	Small Group Workshop: Session II	Presenter(s)	Location
9	The Neurological Exam (repeat)	Vanja Douglas, MD	Seacliff C
10	Radiology Refresher: Chest Imaging	Brett M. Elicker, MD	Seacliff B
11	Thromboembolism Q&A: Cases and Controversies (repeat)	Tracy Minichiello, MD	Seacliff A
12	Fundamentals of Preoperative Evaluation	H. Quinny Cheng, MD	Grand Ballroom A
